

Condo Storage Lockers

At Trimet, our Division 10 team's focus is on providing each customer with their unique specialty product requests. As a distributor of Division 10 specialty products, we work to meet the design, functionality, and specification requirements for each project. To round out a project we also provide delivery and installation services for our customers.

Our product line includes, but is not limited to:

- Personal lockers
- Tenant storage lockers
- Change room benches
- Security partitions
- Lock up Cages
- Wire mesh partitioning

If there is a specific product that you are looking for but don't see on the list, please contact us.
